luccipc@gmail.com

Hi I'm Lucci, a front end developer and designer from Southern California. I design clean, functional and elegant solutions in the form of websites, web apps and digital graphics. My recent web creations work beautifully on all devices and modern browsers, and the visuals have been proven to increase engagement and conversions.

TECHNICAL SKILLS

Strong: HTML5, CSS3, JavaScript, Adobe Photoshop, Sass
Knowledgeable: jQuery, Wordpress, Git, npm, Adobe Lightroom

EXPERIENCE

Jan 2017 - Present: Front End Web Developer & Graphic Designer (Remote), In The Mix
- Designed consistent and engaging YouTube thumbnails using Photoshop and Lightroom that have notably increased and improved viewership over time
- Designed and developed website from scratch with HTML5, Sass, npm, PHP, jQuery

RECENT PROJECTS

Luccipaula.com: Personal portfolio page
- GitHub Page designed/built mobile-first from scratch using HTML5, CSS3, Sass, Javascript, npm, Babel and Webpack

Solario: A Javascript app that helps you protect your skin from the sun's rays
- Web app developed mobile-first from scratch with HTML5, CSS3, Sass, Javascript, npm, Babel and Webpack; soon to be a mobile app on Android

EDUCATION

2017 - Present: Responsive Web Design (300 hours), Javascript Algorithms And Data Structures, Front End Libraries Curricula, freeCodeCamp
2018: "The Complete Javascript Course 2018" Course (26 hours), Udemy
